STORMS IN EUROPE.  
A devastating storm which has covered four countries, either in part or in their entirety, is sweeping the southwestern part of Europe. Damage to means of communication has made the report meager.

Rivers throughout France are swollen, some of them out of their banks. Damage has been done by the wind and the signalling system of the Eiffel Tower has been destroyed. The storm, which started more than forty-eight hours ago, in western Italy, swept through upper Italy, Switzerland, southwestern Germany and France.

Rain was falling in torrents in various parts of France yesterday, accompanied by a cyclonic wind. From Lyons, Limoges, Valenciennes and Yvetot came word that the storm was raging in those centers. The lower portions of the towns were inundated and many people had been compelled to flee. In the rich vineyard and farming districts crops have been washed out.

The Seine has risen rapidly. The river Moselle is between six and seven feet above its normal height and is filled with wreckage. The Rhone is very high and parts of the valley are flooded. Stock has suffered heavily. Near Nimes the meadows were under water yesterday and boats were utilized to carry people from their homes.

From the coast cities came reports of marine disasters. At Havre small craft were blown from their moorings and were badly wrecked or carried to open sea. Passing ships put into port to escape the raging waves of the channel.

From Metz, on the German frontier, it was reported that the Moselle river there was rising and that heavy rains were sweeping portions of the frontier. From Geneva, Switzerland, came similar reports of high winds and heavy downpours. Geneva was the center of the Italian section of the hurricane, and advice yesterday say the storm has not abated. There were numerous shipping disasters and the lower part of Genoa is flooded. All shipping schedules are disarranged.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine chest among the reliable household remedies where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

LABOR TROUBLES IN PHILADELPHIA.  
C. O. Pratt, national organizer of the Amalgamated Association of Street and Electric Railway yesterday on a charge of assault and battery upon a detective and \$500 bail in Philadelphia on a charge of breach of the peace.

The motormen and conductors employed by the Philadelphia Rapid Transit Company have voted to strike whenever the executive committee of the local union or the national officers deem it expedient. This action was taken while the men were considering a deadlock that exists between the arbitrators who are considering an issue of the last strike dealing with the run to be given the men.

Rumors that the motormen and conductors of the Philadelphia Rapid Transit Company will again go out on strike are current. The men, it is said, are dissatisfied because the company has not given them the runs they held before the last strike and also because of the delay of the arbitrators in setting the question of runs.

The executive committee of the Trolley-men's Union held a session to discuss the situation. The men Thursday night, at a largely attended meeting, gave the committee authority to call a strike when necessary.

A MOTHER'S MAD ACT.  
Mrs. Harriet Turner, 40 years old, shot and killed her 17-year-old daughter Margorie in Scranton, Pa., Thursday night, and then sent a bullet into her own breast, inflicting what physicians believe to be a fatal wound. The tragedy was discovered by a millman yesterday, who found Mrs. Turner half buried in 15 inches of snow on her front porch. Her head was resting on a pillow.

Mrs. Turner's husband, William, and her son William, are in the University of Pennsylvania Hospital, at Philadelphia. The husband is in a serious condition from asthma and the son is being treated for blindness in one eye.

The authorities believe that worry over her family troubles temporarily deranged Mrs. Turner's mind.

An 11-year-old son who was in the house when Mrs. Turner fired the shots was not harmed. In a lucid moment Mrs. Turner told the doctors that she loved the boy too much to take him along with her into death. But she thought the daughter would have too many troubles in life and decided to shoot her.

## WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place.

"I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health."

"My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health."

"Cardui is worth its weight in gold. I recommend it for young and old."

Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women.

It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way.

Try Cardui.

LIFE SENTENCE.  
Asbury Spicer, who has figured conspicuously in the Breathitt county, Ky., feuds for many years, was yesterday given a life sentence in the penitentiary for the murder of his nephew, Asbury Fugate.

The murder was committed last spring. Fugate was killed in a general fight last June, in which his mother was wounded, and Spicer was aided by his 16-year-old daughter and 12-year-old son.

Spicer was one of the chief lieutenants for the late Judge James Hargis, leader in the Breathitt county feud of seven years ago, which culminated in the assassination of James Cockrill and Dr. B. D. Cox.

Spicer swore that Hargis had hired him to kill several Breathitt county men and confessed to his part in the deaths of Cockrill and Cox. Following this confession many attempts were made to assassinate Spicer, but he escaped each time with slight wounds.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds so quickly as Chamberlain's Cough Remedy. Sold by W. F. Creighton and Richard Gibson.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by W. F. Creighton and Richard Gibson.
